

Highway/Roads Cleansing

Bedford Borough Council provides the kind of environment that we would like to live in, by provision of an efficient and effective Street Cleansing Service. This provides a wide range of Street Cleansing Services aimed at providing and maintaining the high quality, clean, green and safe environment. We have a rolling program for Street Cleansing which encompasses Street Barrow Operatives with a manual cart emptying bins and litter picking, small cleaning sweeper and the large street cleaning machines operating on the roads.

The Street Care and Cleansing Services we provide include:

- The cleansing of roads, footpaths (urban only) and car parks.
- The cleansing of the town centre.
- The provision and maintenance of litter bins, dog waste bins and recycling bins.
- The investigation and removal of incidences of environmental crimes including fly-tipping, fly-posting and graffiti.

Rural Street Cleansing is on a 12 week Rota but this can be dependant on other factors (i.e. bad weather) and can sometimes fall behind schedule. In such incidences we make every effort to bring it back to the planned time schedule.

Update of Rural Schedule:

Starting week 6 on Monday 09th October 2017.

<p>Week 1</p> <p>Stewartby Wootton Kempston Rural Kempston Hardwick</p>	<p>Week 2</p> <p>Bromham Stagsden Turvey</p>	<p>Week 3</p> <p>Stevington Oakley Pavenham Felmersham</p>	<p>Week 4</p> <p>Harrold Carlton & Chellington Odell Souldrop</p>
