

Self-Build & Custom Housebuilding Register Application Form

Individual

Self-build and custom build housing is built by individuals or groups for their own use, either by building a home themselves (self-build) or by working with a builder (custom build). The Government recognises that homes built in this way are often cheaper, greener, more affordable and more innovatively designed than standard market housing and they offer a real alternative to buying 'off the peg' houses that may not meet your household's needs.

If you would like to be included on Bedford Borough Council's Self Build & Custom Housebuilding Register (the Register) you must complete an application form. Complete this form if you are an individual, couple or group of people from one household jointly looking for one plot of land. If you are a couple or group from one household, then a lead person should complete this form. If you are an association of self-builders please use the separate [Association](#) application form.

Please refer to the Guidance Note when completing this form.

Section 1 - Qualification to be included on the Register

All applicants must complete this section. If you cannot confirm all of the following (1a, 1b and 1c) you are not eligible to join the Register. We may ask for evidence to support your answers but you do not need to submit it at this stage.
