

Application for a Sanctum 2000 Burial Vault

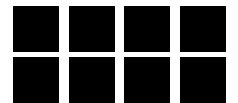

Includes first inscription (up to 80 gilded letters) and first interment.

Guidance

- Names use larger letters so only 18 letters and spaces can fit on one line shown by the thick black line (between column 18 /19) in the guide box. If you need more space for names you must use fewer lines for the rest of the inscription.
- The remainder of the inscription uses smaller letters so you can use 25 letters and spaces.
- Always include the spaces when choosing your inscription.
- Do not write in the shaded boxes as this is where the fixing holes go.
- Do not worry about centering your inscription – our supplier will do that for you.
- PLEASE WRITE CLEARLY USING BLACK INK – we cannot accept responsibility for an incorrect inscription due to illegible writing.
- While every effort is made to follow your instructions we reserve the right to alter or amend an inscription as necessary.
